for 'iamabill.org' project

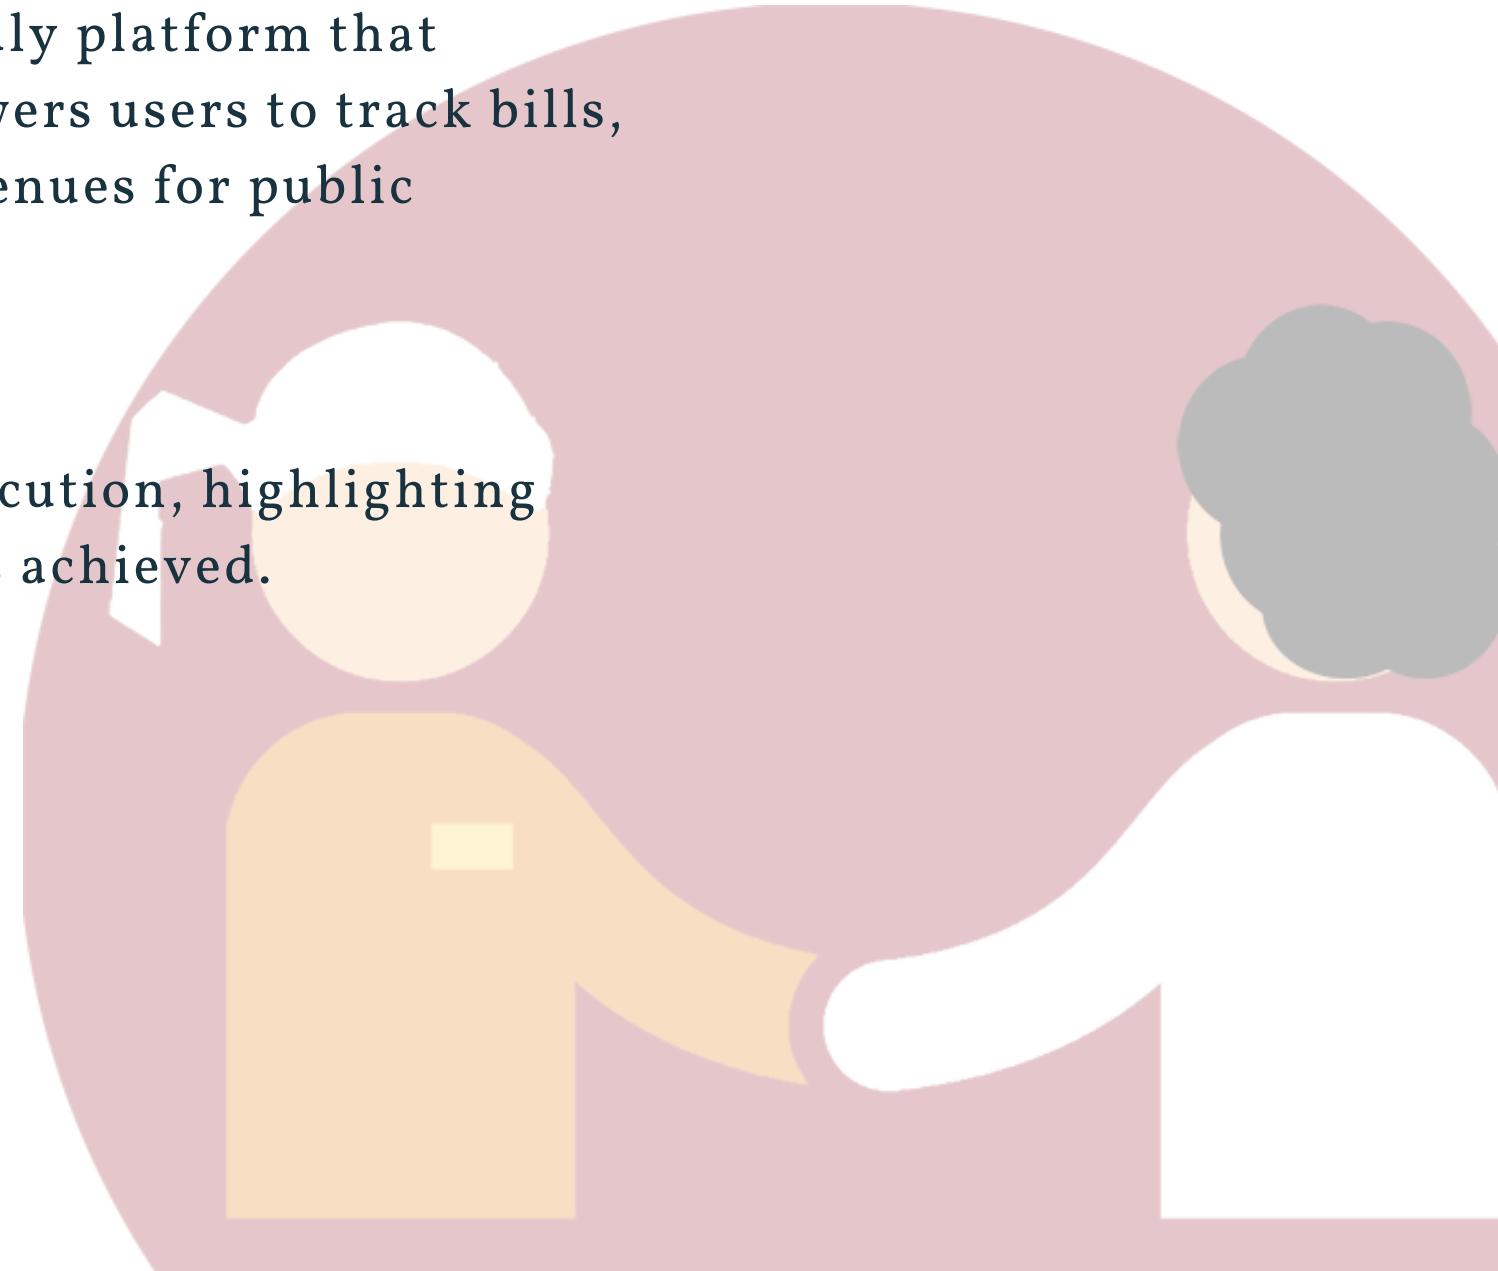

Summary:

"**I AM A BILL**" project focuses on offering a user-friendly platform that facilitates access to parliamentary information, empowers users to track bills, and promotes active civic engagement by providing avenues for public participation and sharing of opinions.

The portfolio demonstrates the project's successful execution, highlighting the innovative solutions, methodologies, and outcomes achieved.

Objective: www.iamabill.org

“**I AM A BILL**” is a mobile-friendly web platform for parliamentary engagement that serves **three** primary functions:

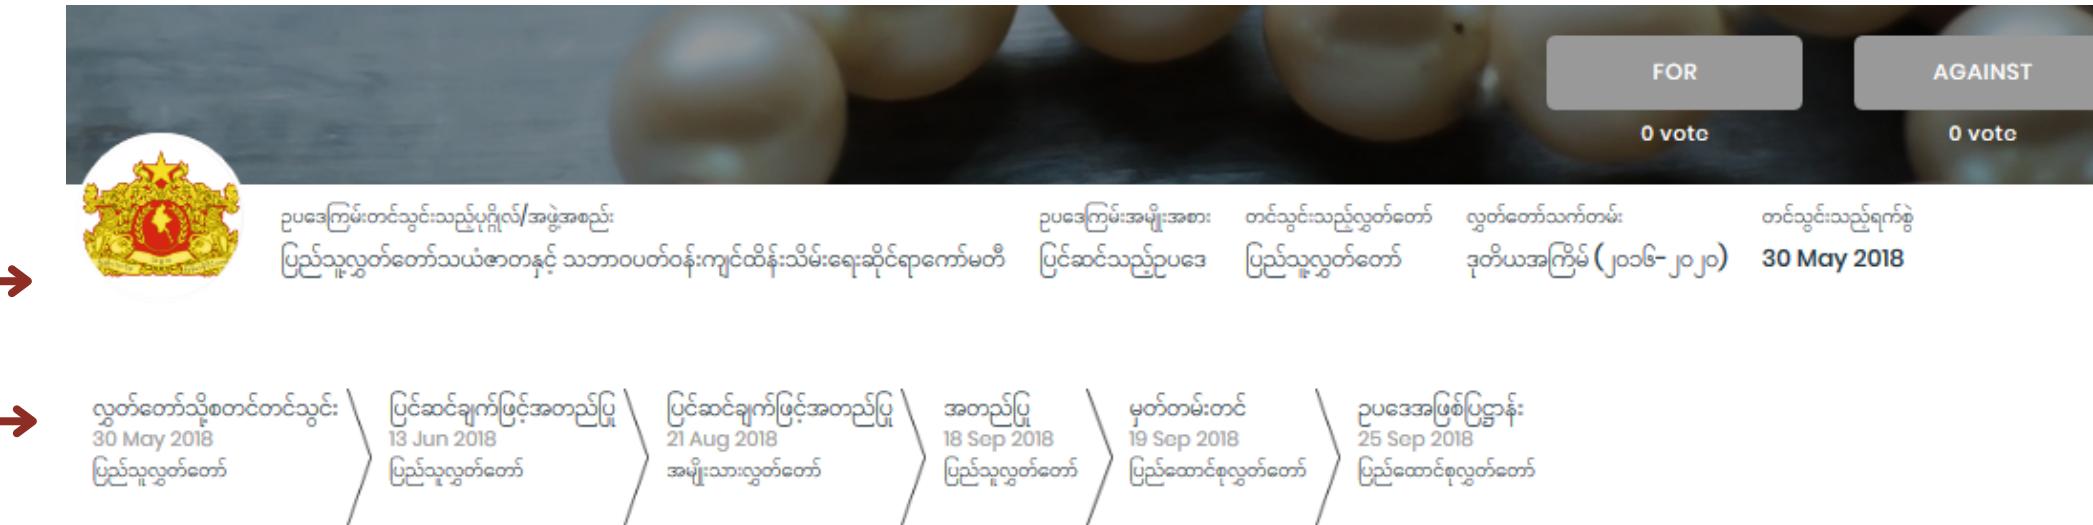

1. **A repository** of MPs’ Histories, bills and discussion that have been submitted to the Parliament for discussion and debate.
2. **Bill tracking features** to know what amendments and changes have been made to the Bill
3. **Civic engagement** (key rating scales OR up vote, down vote options for each clause of each bill or discussion with registered users, including share-on-social media options)

Available Facts about the Bill form “Iamabill”

1. Introductory stage of bills (Such as Bill Submitter; Person, Union-level bodies or Hlutaw which submit the bill, Date of Submission, Terms in Hluttaw, Type of Bills, etc..)

2. The status of the bills
